

the Flushing Whip

July 1966

Published monthly by the National Red Setter Field Trial Club,
member of the Amateur Field Trial Clubs of America.

President, F.C. Bean, Route 3, Athens, Ohio
Vice-pres., Jim Flythe, Route 7, Raleigh, N.C.
Sec.-treas., Marj. Moffat, 4369 Forest Ave., Pontiac, Mich. 48054

October 1st and 2nd are the dates chosen for our National fall trial-dates that will enable those wishing to take in not only our big event but also stay over for two other nationals! Quite an opportunity!

The National Pheasant Amateur stake will start on Oct. 6 and run on the 7th and 8th; The National Amateur Shooting Dog Championship will start on Oct. 9th and run on Sunday the 10th and Monday if necessary. So quite a week for these new grounds and those wishing to participate or view good trials.

Joe Cannon (P.O. Box 323, Elysburg, Pa., is our very capable trial chairman who has lined everything up for the Allenwood Grounds. Birds are to be purchased to assure an adequate supply in addition to 500 liberated pheasants in the regular fall stocking. It is suggested that we make our club headquarters at the Watson Inn at Watson town which is only one mile from the town of Allenwood and close to the grounds.

Horses are supplied to handlers but those wishing mounts for the entire day or days may contact Dan Diehl, R.D.3, Danville, Pa. Host club assisting Joe will be his home club of Shamokin Valley.

Further word of plans will be coming along to you but let's plan ahead to be there!

The July "Pennsylvania Game News" mentioned a recent trial at Allenwood and Joe Cannon for his part in staging a fine display of good planning and running of a field trial as well as enthusiasm over the area. Others mentioned are former members I believe of the National Red Setter Club, James Youtz and Bill Shutt as well as Horseman, Dan Diehl.

With the retirement of the Spring Classic rotating trophy by Cliff Bean, David Hasinger kindly asked to order a replacement. The trophy is being engraved, "National Red Setter Field Trial Club, Le-Grande Spring Classic" Another wonderful contribution by the Hasingers and their thoughtful generosity in recognizing Ned's early untiring efforts in our behalf. Dave also notes that Helen and Ned plan on being on hand to meet new members and renew friendships with others at the Allenwood event. It's been a long time for many of us and will look forward to seeing them again!

* * *

Jim Flythe has sent me a copy of a fine picture and write-up of Harold "Pop" Brinn of Creswell, N.C. which appeared in the News and Observer, June 19th. Among the quotes from Mr. Brinn who incidentally is 74 was the major quality he listed of the Irish. "They're a one man dog"

the most loyal there is". "And they're downright beautiful". "Irish Setters have a terrific amount of bird sense. Reason and instinct I wish I had it like they do. They say the human animal is the only one that can reason. Tain't so. Dogs can do it." "Like people they have their faults but maybe not so many."

Mr. Brinn has been training and breeding Irish since 1917. He does not whip his dogs but trains them with kindness, merely correcting their mistakes he says it may have been my mistake anyway.

PUPPIES For Sale!

Judge Robert Coleman, Bowling Green, Ky., has a nice litter as of May 31st. Four each from Ch. Double Jay bitch, Jay Byrd by Kentucky Redbird (Mr. O'Leary ex. daughter of Ike Jack Kendrick and Van's Cindy). Contact him at 633-13th St., (Zip 42101).

Another litter of ten, four females and six males by Schmet's Little Red ex. of Carmine (Diamond out of Turkey Talk Molly) was whelped June 20. Two males have white blazes and owner H. E. Grace Jr., is asking \$40 each while the others are \$60. either sex. Mr. Grace also has a nice O'Leary pup that I understand is really coming along nicely and definitely not for sale. The address is P. O. Box 232, Middlesboro, Ky.

William I. Cargo, Route 1, Stone Rd., Chillicothe, Ohio has June 4 pups listed. The sire is a very stylish, but close ranging son of Mr. O'Leary out of Willow Winds Baby. The dam is our Belliau Wood, predominately Dude and Ardee breeding. She is a hard working shooting dog with 3 AKC placements in 4 tries. There are 8 females and 3 dogs in the litter and will be dark red with white on chest, feet or chin. Pups range in size from typical red setter size to a medium Irish Setter (25" to 26" high) he says. Both sire and dam will be available and can be shown at work and on birds. Pedigree available on request. \$40 for females and \$60 males.

Warren Johnson writes he has sent Double Jet to LeGrandes for breeding with Youtz's Red. Doc Bloom purchased a good pup while at Ned's earlier in summer which he says is looking pretty good. Also Jim Wilson is getting back into trials with a Little Red- Double Jet pup being trained by Roy Jines. Trial dates for Minnesota club are still not certain though it is thought it will be held Sept. 3rd or 10th.

We hope by this week, Joann Schnettler is out of St. Cloud Hospital where she has been for many weeks recovering from a fall from her horse. Of all the gals we've met I can't think of any confinement would be worse for! She's so much like Col. Ed -- a "doer" (with dogs and horses)!

* * *

Duke Memorial trophy race for this year's possessor seems to have Double Jet out front by one point to Harrison's Timmy's Baby Bean. Others sending in nice wins to tally are the Van Wye's Vanita's Wild Gael and a new arrival to the puppy events Astra of the Lodge owned by Frank Glynn of New Berlin, Wis. Sire is Moffat's Apache Bill and dam is Fiad Ch. Emerald Isle Angel so we'll be particularly interested in following this one. Accurate account will be given when Rachel Schnettler gets her hands on the records which I haven't gotten off to her thinking I'd get them in better order.

Visits with Rev. Murray Sleeper and family though too brief as well as the Beans and Millers were enjoyed recently. Anyone else in vicinity are most welcome to stop--though we went up north briefly haven't found a better spot than own lake in front these hot days!

Membership in National Red Setter Field Trial Club is \$5.00 per year. Send to Mrs. Thomas S. Moffat, 4369 Forest Ave., Watkins Lake, Pontiac, Michigan, 48054. We'd welcome you!
