Shandy had a rather poor course - very restricted in places, wide open in others.

However open areas lacked objectives and "birdy" appearance. I thought his race was fair to good. Birdless.

Mad Red Better Field Trial Club, K.C. Mo. Oct 17  
Open Championship - Excellent race considering  
course (mostly wooded). Found covey of quail

on creek bank as result of beautifully  
executed objective cast. Style on (5)  
game was poor. Manners good.

Was found later on point at edge  
of cover on bushy, wooded creek.  
Style again was rather poor. After  
unproductive effort to flush game,  
dog was sent on to relocate. After  
considerable searching & effort, a pheasant  
flushed in front of dog. Dog stopped to  
flush & was steady for shot.
