Officers and Directors of NRSFTC:

As many of you know a topic at the last several NRSFTC directors meetings has been the matter of the Red Setter Hall of Fame sponsored by the NRSFTC. To provide a bit of history on the matter most of you will recall that we started the project in 1979 and for several years elected some worthy dogs. Prior to it's inception Askew's Carolina Lady had been elected in the regular Hall of Fame. Subsequently the NRSFTC elected Buddwing, Clancy O'Ryan, County Clare's Country Lass, Ike Jack Kendrick, Joe Jr., Saturday Nite Ed and Valie Hi Country. Bill Brown requested that our program go into a hiatus presumably to avoid overdoing it and electing non-deserving candidates.

Since that time many very noteworthy individuals have come and gone. Because of this I suggested considering reactivating the program. At a directors meeting I was appointed to contact Bernie Matthys and exploring that possibility. He was receptive to the idea and suggested we present him with a proposal. Abiding by his suggestions I propose the following which is based largely on the published rules in effect earlier.

If the program as presented is agreeable I will present it to Bernie. For any elected dog a 16X20 painting must be submitted to the Hall or Fame for display. Let me know your feelings.

Sincerely,

Roger W. Boser
