- FROM THE EDITOR -

In the last issue, our membership blank and club information questionnaire was distributed as the last page of "Red Waggins". To date, only a few have been returned. Please fill out the questionnaire and return it to Mrs. Carol Swanson, 1328 White Bear Avenue, St. Paul 6, Minnesota. This information is important for our club records in that anyone wishing to locate a sire or dam or kennel room or a number of services can locate it just by contacting the Club Secretary. A complete list will be published as soon as all members have placed the information in our hands.

Fall trials are just two weeks away. Your staff will try to publish a calendar of coming events as we did this spring. A more complete calendar will be in the August issue as the club secretaries contact us with their dates.

- FROM THE PRESIDENT -

Ruth Kremer

Hi, there - The picnic is Saturday! Don Wilson and Art Gebhart, the cooks, are all practiced up. Fred has the games ready and Jim Wilson says refreshments both hard and soft have been procured. Jim also said the beach is ready and the water at Half Moon Lake is excellent for swimming and skiing. Let's all turn out!

Directions to Half Moon Lake in Wisconsin

From Minneapolis-St. Paul drive north to Forest Lake. From Forest Lake take U.S. #8 East through Taylor Falls to intersection of Wisconsin #35, north on #35 to Milltown, Wis. At Milltown, turn east on Wisconsin #46 and watch for field trial signs which will direct you into the beach area. Should any of you lose the way, contact Dr. J.B. (Jim) Wilson in Milltown. Someone will be at his office all day.

The following was received from Mr. Mike Keegan. It was requested by your Editor so that Club members have some idea of the dogs they may see running this fall. Mr. Keegan being a non-Irish member contacted these people and submitted the following information. Thank you, Mike.

You asked for a little dope on the English Pointer or Setter owners, so here goes.

Mike Murray, President of Northwest Field Assn. has a new bitch puppy by Mustang out of Taylor's Lou - this is a real comer, according to Mike. He sold his English Setter bitch, Lindas Rebel Lee the first day advertised in The Field to a man from Waterloo, Iowa.

Mike's brother, Tom, has a real good looking orange and white four-month old Setter male by Turnto out of a Zev-Essig bitch - this one should run when he's full grown.

Shirley MacCharles and Mike Keegan have a nice litter of English pointers out of Shirley's Wahoo Liz and Chuck Harlow's pride, Sir Richard. (Incidentally, he's a litter mate to Elhew Jangle) Sorry boys, they're all taken.

Jim Sherman is advertising a litter of English pointers, about three-months old, out of Titanup's Holly and a Palamonium male that Jim owns.

Bob Mills of Route #1, Forest Lake has a nice litter of English Setter pups (3 mo.) out of a nice big bitch, Zev breeding. The sire was Mike Keegan's Wampanoog Warrior.

John Littfin and Bud Ullerich placed 2nd and 4th in a Shorthair fun trial down at Fred Schultz's kennels last Sunday (23rd). The pups are from a litter of English pointers, sire and dam both owned by John.

The following was received from Mr. Dick McKay, Publicity Director of Walt Disney Productions.

#### WALT DISNEY SETS CHAMPTION IRISH SETTER TO STAR IN "BIG RED"

CH. Red-Aye Scraps, UD. Irish setter owned by Mr. and Mrs. Heist of Fontana, California has been set for the dog lead in Walt Disney's tale of high adventure, "Big Red," ready for production in eastern Canada.

Scraps departs today, July 7, for La Malbaie, Quebec Province, where he will go before the Disney Technicolor cameras as Redcoat Reilly of Wintapi, the prize dog and central figure in an action-packed, heartwarming story starring Walter Pidgeon, Gilles Payant and Emile Genest.

Winston Hibler will produce and Norman Tokar will direct for Disney. Principal photography starts July 13.

The film story was adapted from the Kjelgaard book "Big Red" by Louis Pelletier, screen writer.

SUMMER RAMBLINGS

Mrs. Ballard just returning from the East tells us her young pup Tam of Ballarrell went reserve winner and won its first trophy at the Williamsport, Pa. show.

Pheasant population around Morris and Wheaton, Minnesota will be extremely heavy this fall.

Ruffed grouse throughout northern Minnesota according to F. A. Kremer, who has just returned from a northern Minnesota vacation, should be very plentiful.

These puppies seem to be the best field trial prospects that we have seen here in the Midwest. They have been running loose on the plains near Spicer, Minnesota all summer under the watchful eye of Warren Johnson. They have extremely high tail sets and their tails, when running, show good animation. They are bold, range quite wide, sight and scent point and have all permanent shots. At publication time, they are five months old. They are broken to gun fire and will be priced in a \$75.00 to \$100.00 range. The litter consisted of six dogs. One has been sold to Mr. Ed Johnson, one to his brother Warren, and one to Dr. Jim Wilson. Three remain. Contact Fred Kremer if interested. They will be shown at Spicer.

-----

Warren Johnson's Double Jet, Tera, injured a foreleg and will be out of training for at least one month.

Lucy Jane sold the red male by Lady's Last Son and Red Barn Dorian that Warren Johnson had running with the Kremer puppies at Spicer.

For those of us that have a little bit too much white on our red dogs and know where the white came from, it is gratifying to know that the white may be from a Hall of Fame(r). As the Hall of Fame voting goes to the election committee, Mississippi Zev has the highest number of votes.

Comments by Dave Moran, Secretary of the Minnesota State Championship Trial. Trial dates will be November 25 and 26. The same performance standard as last year will be adhered to this year. The judges will be all-pointing breed men with one judge being a recognized setter and pointer man. Three stakes this year will be the Championship Puppy, the Championship derby and the Championship All Age.

CLUB INFORMATION

Your Club's Secretary asks that the following questionnaire be completed and returned to Carol Swanson, 1328 White Bear Avenue, St. Paul 6, Minnesota as our present club directory needs to be updated. Red Waggins will be mailed to members who have not paid through the September issue, however, after that time unless dues are paid, the subscription will be cancelled.
