COUNTY CLARE'S SHANDY IS NAMED CHAMPION

Once again Ernie Lewis' has taken home the silver pheasant! His Shandy handled by Stan Head has once again captured the coveted award. On Oct. 17 of '65 he had the same honor when our National was held at Lee's Summit, Mo. Congratulations! No runner-up was named.

Other winners at our October trial held October 1 and 2 at the new Allenwood, Pa., grounds were as follows:

Shooting Dog Stake number one placement was Autumn Hills Count now owned by Jim Flythe. Second was the real ruler of the Bean house, Windyridge Tammy who by the way has just gone through another operation successfully. Number three was Encore Shea O'Flynn owned by Jack Ullrich of Joppa, Md.

Derby first was taken by another of E. J. Lewis' string handled by Stan, County Clares Country Lad, He is by Valli Hi Country out of Mighty Fawn. Second in derby was Schnet's Jenny K owned and handled by Ed Schnettler. Her breeding is Jimmy K out of Schnet's Tara. Third was captured by the Bean's Windyridge Kigme. Breeding I'm not sure of since the poor animal received so much kidding originally and has been showing that Ed and Cliff he has something after all by winning in two of our trials now.

Puppy was double proof of County Clare's Country Lad's ability for he was number one is this too. Second was another Schnettler handled dog but owned by Dr. C. H. Bloom of St. Paul--Schnet's Holiday Girl. Third went to Dr. Roger Boser's Merrifield Sally. She is by Schnet's Little Red out of Double Jet.

* *

Many other fine entries were shown to be worthy contenders. Jim Barnes, Lloyd Gonzales, Faunt Ekey, Jack Norton, Dee Johnson, Hartsoughs, Littlefields, Rishels were among the rest of the owners with supporting challengers.

Our thanks to Joe Cannon who did such a fine job in arranging everything for us. Thanks also to Jim Flythe who secured the lovely silver trophies once again. And orchids too for the Hasingers who hosted an enjoyable party prior to our dinner in honor of Ned and Helen LeGrand whom we all enjoyed seeing once again.

Rain did not make a very enjoyable day for running dogs on Sat. but Sunday was blessed with sunshine and people were able to see a little more of the breakaways.

Now with another successful trial behind us you can start making preparations for an early spring trial! Cliff Bean has been able to reserve the dates of MARCH 25 and 26! Needless to say he was most unhappy with the Associated Bird Dogs of Ohio and we may have to do something drastic like not paying our dues until they agree to respect our April dates in the future or something. Earlier this fall they sent word that a charge of 25¢ would be a must at every trial -- with the money to be added toward some big trophy they wanted but Cliff has talked to them and this was not pushed down people's throats as some thought it would be. If the money were to be used to fix up the grounds or club house it would be fine but we still feel it would be better for our club to donate to such a cause not tax our members. At any rate we hope this early date will work out being really only two weeks sooner. I can hear the cry from Minnesota already but think how nice it will be to come once you have shoveled a pathway out of the state!

Notes from here and there . . .

Dee Johnson is home again and doing well. Bet those nurses were kept busy! Hope to see you in the spring Dee and boy that Shawn did a fine job without you yelling at him I heard! (Heard about medicare, I bet!)

* * *

as all

Dwight Haddock I understand has also been supporting the hospitals but is now on the recovery list we're happy to report.

* * *

Warren Johnson writes that he and Sherry went to Bloomfield, Iowa for the Bluegrass trials and Jet went 1st in the Open Shooting Dog stake! There were 16 entries so not bad for a bitch with a litter of 9 pups just weaned. They have four of these for sale. Three are all red and one is colored like Jet. If someone is interested in the off-color one he might sell him somewhat cheaper to someone who will give him a real chance in trials. All the others are to be sold to trialers for what they have in them at time of sale. Address is 3539 Tonkawood Rd., Hopkins, Minn. 55343.
