Fredrick A. Kremer

It is difficult to be the one to relay the sad news that Fred Kremer passed away last week-end while attending a field trial at Solon Springs, Wisconsin.

Pes. Ed Schnettler notified us by phone Monday evening of Fred's heart attack and unexpected death. As most of you know Fred was a senior pilot with Northwest Airlines, a director of our club and owner of National Red Setter Ch. Autumn Hills Duke.

He along with his wonderful wife, Ruth, had contributed much to field trialing and good bird dogs. He was a grand sportsman, an ever pleasant person who will be missed by all of us.

Our deepest sympathy is certainly with Ruth and the children at this difficult time!
