Long Run Bird Dog Club

By JIM DUNCAN

THE Long Run Club held its inaugural NBHA trial November 26 at the Miller Welch Central Kentucky Wildlife Area near Richmond, Ky. The grounds were in terrific condition and birds were pointed regularly during the day. Thanks to Purina and Gun Dog Supply for their sponsorship and Jim Fisher, Roy Richardson and Mike Branscum for all of their valuable help.

Judges Ken Taff and Buster Tucker took time from the horseback trials to judge for us and this pair gave all the dogs their undivided attention. We were fortunate to have these two knowledgeable people perform these duties. Their decisions were well received.

In the Open Shooting Dog, Gary Vitali's fancy little setter Purdy took first with a reaching race and good bird work. Gary also took second with Sam which did a great job, just not reaching the effort of Purdy.

The Open Derby was won by Branscum's Nickel Plated for owner Mike Branscum. "Spice" can really excite the bird dog enthusiast with his beautiful way of going, and his style on birds is second to none. Gary Vitali struck again taking second place with Stogey with a good race and manners beyond his age.

Vitali scored again in the Amateur Derby, taking first with Stogey and second with Hollar, another nice setter in Gary's string. Dylan Lear earned third with his young setter male Jaguar. All the placed dogs had multiple finds.

The Amateur Shooting Dog was won by Purdy for Vitali with another strong

effort on the ground and multiple finds. Lucy, red setter female handled by her owner Jim Ashby, took second place with a quality ground race and good bird work. Hondo, another strong red setter, took third for his owner-handler Jim Ashby. Hondo had the most finds of the day.

In the Amateur Puppy, Dexter, red setter male, took first for owner Lance Carver. Second was red setter male Rondo for owner Jim Ashby, and third went to Bad, a fine looking pointer male for owner Roy Richardson. The puppies were run on a separate course and Pam Tucker and Charlie Turner rode and gave the puppies their due consideration. Thanks to all who helped make this first trial a success.
