

## National Red Setter Trials

By JOHN K. MIRES

OF all the imponderables that can make or break a field trial, the weather is probably the most important! The eighth annual National Red Setter

FYN

First in the Midwestern Red Setter Open Championship

Field Trial Club's Midwestern Open Championship fell victim to this particular one. Run over the well-known grounds at Delaware Dam, O., April 23-24, the stakes suffered greatly in quality and clean bird work because of the soaring temperatures and cloudless skies.

Birds there were aplenty, and entries in a goodly number, but neither birds nor entries were inclined to behave their best when the temperatures soared to near-record highs and hit 85-87° on the two days of running. Cover so tinder-dry that smoking was prohibited on the courses also was noisy enough to give the running pheasants plenty of chance to move out before clean bird work could be accomplished.

Fyn, Irish setter dog, owned and handled by Frank Nielsen of Berea, O., paid the price for the vagaries of the weather, for while he was winning first in the National's Midwestern Open Championship, he was unable to produce enough clean, faultless bird work to give the judges fair cause to grant the championship. He was declared winner of the stake on the basis of two good, clean finds, but was also charged with an unproductive and a stop to flush during his hour. Fyn is a perennial winner in shooting dog stakes and possesses an excellent nose and more than a little bird sense, but, as in this stake, loses much on point through the misfortune of a broken tail that prevents a really classic stance on his birds.

Runner-up was Ned LeGrande's winning import, Sulhamsted Norse D'Or. Shane, as he is known, had more game contacts than any other dog in the stake, but was also victim of jittery, wild-flushing or running birds. Both winner and runner-up handled at all times, Fyn the more consistent in his pattern and Shane the wider of the two and showing well to the front.

Necessity of moving the annual Midwestern meet to a date later than usual was created when conflicts for use of the grounds made it necessary for the Red Setter Club to give up the traditional date of the second weekend in April and move to the final one. It was apparent from the start of the supporting stakes on Saturday that no handler expected to show his entry at best, regardless of the fact that the Delaware Dam venue is one of the finest in the country. The same feeling carried over to the start of the Championship on Sunday.

As in the past, the Central Ohio Bird Dog Club was host to the trial, and it can bear repeating that the members of this organization make a trial successful by their diligence and devotion. They gave over their club, stables and kennel facilities to the visitors and put forth every effort to make the trial a good one. In this particular renewal a special vote of thanks was directed to John C. Cramer, who, in addition to spending two days in the judicial saddle, also busied himself with horses and assisted with other arrangements, and Mack Triplett, who ably marshaled the stakes and diligently kept the event running smoothly.

Another vote of thanks was due the members of the conservation staff, who have done a tremendous job of keeping the grounds in shape for the best in trialing. This year certain sections had to be avoided because of crop plantings, but it is certain that by fall trial time the cut-over grain strips will provide even better trial facilities, if such is possible.

To Milt Kerr of Sandusky, O., and Jack Kramer of Columbus, O., should go some sort of special citation for spending 15½ hours in the saddle in the excessive heat and sun without relaxing their attention to the work at hand. Their look at all entries was fair and constant, and their decisions were rendered promptly and to the satisfaction of all. Both are excellent judges of dogs and bird work, and both made every effort to see every contact that was offered on the two-day ride.

### OPEN PUPPY STAKE

The Golden Doll, who has been cutting a red streak across the horizon of several spring trials, laid it out in a class by herself to annex first place. Down in the first brace Saturday morning, this little lady actually found No. 1 course a little too confining for her desires. Handler had to hack her some to keep her in the confines of the course. Autumn Hills Amber, second, laid down an acceptable pattern and appeared to be hunting all the way. Rocking Rambler also had an acceptable ground heat, although more limited in range than Amber.

Other entries were Ruff, W. Stumpf; Ben Hur, Bill Tessman; and Gunbar Ochyte, Willard Platt.

Ashley, O., April 23

Judges: Milton L. Kerr and John Kramer

### AMATEUR SHOOTING DOG STAKE

Down on the southern courses, the shooting dogs ran into the heat buildup and a minimum of birds for their effort. Sulhamsted Norse D'Or was the winner on the basis of two finds, both handled acceptably, and a stop to flush. Shane laid out an excellent pattern considering the conditions and was hunting strongly at the finish.

Hard Tack was somewhat more restricted but handled at all times. He chalked up one nice find, one indefinite piece of bird work, and was credited with a stop to flush. Under other circumstances the judges felt it might have been wise to call these two back to settle it in a second series, but decided it would be unduly damaging to the dogs to repeat in the heat.

Valli Jay Hi was third on one piece of bird work and an ambitious pattern.

Windyridge Mickey was the hard-luck dog of this stake, having the misfortune to bust through cover and over a thirty-foot cutbank into water. He might have been lost had not nearby fishermen seen him climb out on a small ledge where the bank was undercut. Handler Cliff Bean, with the aid of three members of the gallery, formed a human chain down the bank to rescue him. Mickey was visibly shaken by the ordeal.

Other entries were Carolina Lady's Stylehigh, Angel, Windyridge Tammy, Bruns Rusty Hobo, Sulhamsted Nat D'Or, Lady's Last Son, Walker's Red Dragon, Valli Hi Lacey, Gunbarr's Dare Devil, Penelope of Markham, Likely's Mr. Casey and Mr. O'Leary.

AMATEUR SHOOTING DOG STAKE

Down on the southern courses, the shooting dogs ran into the heat buildup and a minimum of birds for their effort. Sulhamstead Norse D'Or was the winner on the basis of two finds, both handled acceptably, and a stop to flush. Shane laid out an excellent pattern considering the conditions and was hunting strongly at the finish.

Hard Tack was somewhat more restricted but handled at all times. He chalked up one nice find, one indefinite piece of bird work, and was credited with a stop to flush. Under other circumstances the judges felt it might have been wise to call these two back to settle it in a second series, but decided it would be unduly damaging to the dogs to repeat in the heat.

Valli Jay Hi was third on one piece of bird work and an ambitious pattern.

Windyrige Mickey was the hard-luck dog of this stake, having the misfortune to bust through cover and over a thirty-foot cutbank into water. He might have been lost had not nearby fishermen seen him climb out on a small ledge where the bank was undercut. Handler Cliff Bean, with the aid of three members of the gallery, formed a human chain down the bank to rescue him. Mickey was visibly shaken by the ordeal.

Other entries were Carolina Lady's Stylehigh, Angel, Windyrige Tammy, Bruns' Rusty Hobo, Sulhamstead Nat D'Or, Lady's Last Son, Walker's Red Dragon, Valli Hi Lacey, Gunbarr's Dare Devil, Penelope of Markham, Likely's Mr. Casey and Mr. O'Leary.

AMATEUR SHOOTING DOG—13 Irish Setters, 1 Cross-Bred Setter and 2 Gordon Setters

- 1st—SULHAMSTEAD NORSE D'OR, 560605, Irish setter dog, by Sulhamstead Montebellos Norseman—Sulhamstead Banco D'Or. W. E. LeGrande, owner and handler.
- 2d—HARD TACK, 544980, Cross-Bred setter dog, by Ike Jack Kendrick—Willow Winds Betty. W. E. LeGrande, owner and handler.
- 3d—VALLI JAY HI, 551839, Irish setter dog, by Double Jay—Van's Red. D. J. Hasinger, owner and handler.

OPEN DERBY

The Golden Doll came back for her second run of the day and showed on the wider course that she could reach to the limits. She ran to the horizon while seemingly aware of her handler's desires.

Major D'Or was almost as wide and eager as his kennel mate, putting down an excellent, searching pattern.

Windy Ridge Dan laid out a fine pattern and was distinguished from the first two placed only in that he was more restricted. He was hunting all the way and finished strongly.

OPEN DERBY—13 Irish Setters

- 1st—THE GOLDEN DOLL, 623573, Irish setter bitch, by Schnet's Hellfire—Bridey Murphy. J. R. Lewis, owner; L. D. Daniel, handler.
- 2d—MAJOR D'OR, 623561, Irish setter dog, by Sulhamstead Norse D'Or—Bridey Murphy. Mr. and Mrs. J. R. Lewis, owners; L. D. Daniel, handler.
- 3d—WINDY RIDGE DAN, 598100, Irish setter dog, by Sulhamstead Norse D'Or—Willow Winds Rita. Herbert Fleming, owner; F. C. Bean, handler.

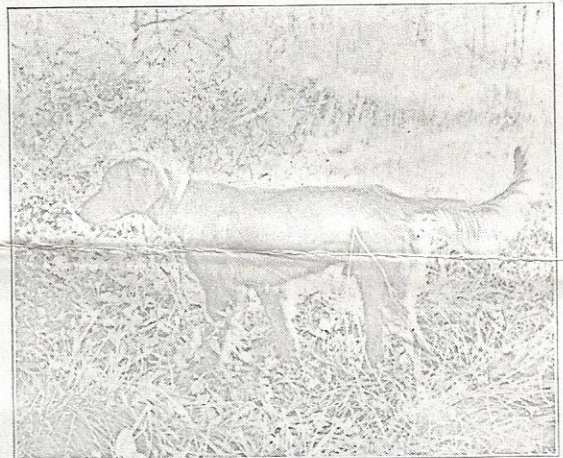

MIDWESTERN RED SETTER OPEN CHAMPIONSHIP

All seemed aware by Saturday evening that it would be difficult to send a dog on a one-hour heat in the morning and work to a Championship performance. Promised thundershowers had failed to materialize and the heat held in the seventies all night. Sunday dawned to a cloudless sky, and the freshening breeze that made handlers and spectators more comfortable, whipped over the dry cover to make work more difficult for the entries.

THE RUNNING

Bruns Rusty Hobo—Double Jack.—Down at 8:22, both were off to a good breakaway and settled down to the business of hunting. Hobo the more reluctant to handle. Jack made a good cast and at 8:38 had a stop to flush. Sent on, he swung out again and promptly flash-pointed, the bird flushing wild before handler could reach him. Bruns encountered difficulty in handling. Jack came on to point again at 8:57 but handler was unable to produce. Both tired badly in closing minutes.

Valli Hi Lacey—Sulhamstead Norse D'Or.—Lacey had only a fair start but widened as handler moved forward. Shane settled immediately to a medium, consistent race. On his first contact he roared up fencerow as bird obviously was running. Handler moved in and the pair put the bird to flight, Shane remaining steady. Lacey closed and appeared to tire rapidly. Shane cut out and back to the fencerow to point. Handler claimed flush but this out of judge's vision. Sent on after shot, he maintained his pattern and moved through road crossing, advanced fifty yards and stacked up. Handler made a heroic effort to produce but was unable to do so. Lacey went out on a limb and had a good clean find on a pair of quail, proving steady. Shane advanced for another six minutes and repeated his stand, again unproduc-

SULHAMSTEAD NORSE D'OR

First in the Amateur Shooting Dog Stake and  
Runner-Up in the Midwestern Red Setter  
Open Championship

tive. Lacey tired badly and shortened. Shane was still hunting and just before time had a good, clean find on a hen pheasant, steady all the way.

Autumn Hills Duke—Fyn.—Duke moved off to an attractive start, one of the best of the stake, handler the more tense of the two. Became involved in a mishap between bird and handler, moved again on the bird and was charged with a bump and chase. Kremer requested permission to pick him up. Fyn

moved out with a likable pattern, not wide but consistent. His first effort was a clean find on pheasant, steady. Due to a broken tail, Fyn is unable to stack up in a stylish pose on point, which detracts. Sent on, he backed on command when Duke became involved with his bird. Minutes later he had another find on pheasant, manners exemplary. Near half-way point he froze again, but handler was unable to produce. At 49 minutes, Fyn hesitated, stopped, and bird went out wild ahead. He remained steady to be shot over and was sent on, finishing with his consistent pattern. His manners were excellent.

**Lady's Last Son**—Likely's Mr. Casey.—Casey looked fair on start, swung to side where cattails surrounded pothole and pointed. Only heron was produced. Son almost immediately became involved with a rabbit and gave lusty chase, then back-cast in search of more fun. Called on to back on the heron find, he performed with laudable manners. Casey had a good find on a pheasant, manners excellent. Son overran a bird and again gave chase, handler reprimanding to no avail. Casey tired badly and ran latter portion of his heat on three legs, having cut a pad earlier. Son bumped again and this time stopped on command. Casey had a stop to flush in closing minutes. Luncheon.

**Mr. O'Leary**—Windyridge Tammy.—O'Leary started well but flattened out to an erratic pattern. Tammy started with two swell casts and maintained a fair race in the afternoon heat. O'Leary gave handler some trouble and became involved in a cooling-off session at pond, after which was reluctant to handle. Tammy had two contacts, both of which resulted in short chases. O'Leary needed urging to finish ahead. Near pick-up, dogs got a red fox started out of short cover. Reddy crossed road in front of car gallery and aroused the most interest of the day, breaking for multiflora row with plume flying.

**Valli Jay Hi**—Windyridge Mickey.—Hi broke away with apparent intent but shortly reduced range to shooting dog pattern, laying out a consistent race. Mickey, ordinarily a wide-running dog, showed the effects of his mishap of the previous day. Although not seriously injured, he seemed stiff, bruised. He maintained a fair pace in spite of this.

**MIDWESTERN RED SETTER OPEN CHAMPIONSHIP**  
[One-Hour Heats]—12 Irish Setters

[Title Withheld.]  
Winner—FYN, 548054, dog, by The Dude—Lee Mac. Frank Nielsen, owner and handler.  
Runner-Up—SULHAMSTEAD NORSE D'OR, 560605, dog, by Sulhamstead Montebellos Norseman—Sulhamstead Banco D'Or. W. E. LeGrande, owner and handler.

### Iowa Trials

By C. A. SEARS

Despite high winds and some sleet, which interrupted the program for a couple of hours, the Iowa Field Trial Association's Amateur Shooting Dog Stake, a shoot-to-kill event, run at the Lloyd Shooting Preserve, New Sharon, Ia., on April 17, was a decided success. Practically every dog had some bird work, which was very surprising under the conditions.

Doyle Shy of Ottumwa, Ia., and William Maynard of Eldon, Ia., rode the judicial saddles.
