Come Back Audie Wins Open Championship; Breakstone Takes Amateur Title

By BONNIE HIDALGO

COME BACK AUDIE, eight-year-old Irish setter male owned and handled by Joe Edwards of Rose Hill, N. C., captured the title of National Red Setter Open Shooting Dog Champion for 2013 at the Grovesprings, Mo., grounds of the Field Trial Sportsmen's Association. The trial ran November 7-10, conducted by the National Red Setter Field Trial Club.

Runner-up emerged as Zansett Simply Red, coming three-year-old Irish setter male owned by Stan Zdanczewicz of Muskego, Wis., and handled by Sean Melvin. Eighteen dogs vied for the title.

In the National Red Setter Amateur Shooting Dog Championship, Breakstone, eight-year-old male owned and handled by Dr. Roger Boser of Seven Valleys, Pa., was named champion over a field of 19 other red setters. Touchstone, six-year-old son of the champion, also owned and handled by Boser, was the runner-up.

Each fall the venue at the Sportsmen's Association serves as the setting for the National Red Setter Shooting Dog Championships trial. The club considers these to be among the very best trial grounds in the nation. The three one-hour courses at Grovespring are superb and huge coveys of quail were pointed on each of them.

The courses were well manicured and feed strips were planted along the field edges to provide cover for the birds and to give the dogs a good edge to hunt. After what some board members felt was too low of an amount of bird work in the Open Championship, birds were

planted for the Amateur Championship. The trial when run on pre-released coveys is more akin to a wild bird trial and the membership is divided on the issue of daily planting.

A well attended drawing was held in the clubhouse the evening of November 6 where everyone was treated to a dinner of Dennis Hidalgo's homemade chili. Dennis also provided Coors products. Sue Norton brought two homemade pecan pies and Linda Beauchamp brought red velvet cupcakes and cinnamon rolls for dessert. The meal was consumed in short order!

Entries in 2013 were possibly the best

ever at this fall trial with 18 drawn in the Open Championship and 20 in the Amateur. Including the companion sakes, the trial drew 71 dogs, of which 70 started.

The advertised judges, Jeff Marshall of Mahomet, Ill., and Gailen Cooper of Oak Grove, Mo., presided for all stakes with the exception of the Walking Shooting Dog. They were equally attentive to all entries. Both Jeff and Gailen have many years of experience in the bird dog world. They have earned the respect of their peers when it comes to judging and handling class field trial dogs. These judges set a perfect pace which was maintained for the entire trial. This meant that the courses started and ended in the places originally intended when the grounds were developed. The Red Setter Club was honored to have had them officiate.

The National Red Setter Club receives generous support from Purina both in product and financial aid. A shipment of Purina Pro Plan Performance dog food was delivered to the grounds; thanks to Andy and Sharleen Daugherty for receiving it for the club. This exceptional product was distributed among the winners; as always it was enthusiastically received. Ed Liermann is the club's relations man with Purina and he reports that they are a pleasure to deal with.

Purina's Terry Trzcinski offered a choice of jacket styles for our judges; the ones he recommended were attractive and came embroidered with the Purina

logo. The trial chairman then had the judges' names and the club initials added. We missed Terry at this event and thank him for all he does for us.

Although Terry was not in attendance we had no shortage of Purina personnel on hand. One of our judges, Gailen Cooper, works for Purina in the hound division. Christa Townsend, a sporting dog conformation rep for Purina, came from Kansas City to see what the sporting dogs must do. She rode all day Saturday and we enjoyed her company.

Also present from Purina was Jim Morehouse, a friend we are always happy to see. This club would not be able to maintain the level of quality that we have come to expect at our events without the excellent sponsorship of Purina. Purina is able to support us only because we in turn support them through the purchase of their Pro Plan Performance feed that allows our dogs to perform to a higher degree. Please feed Purina. You'll be doing yourself a favor as you "awaken the greatness within" your dog.

Tri-Tronics is also an official sponsor. They generously donate product which we award to the winners of our National Open and National Amateur Shooting Dog Championships. Warner Smith at Tri-Tronics works directly with NRS-FTC President Don Beauchamp to provide these collars and is always very helpful. This fall he sent a Garmin Sport Model for the Open Shooting Dog Champion and the Pro 500 G-3 for the Amateur Shooting Dog Champion. These state of the art training collars are coveted prizes. Every member of the NRSFTC appreciates the support from Tri-Tronics. The reliability of their products and the ease of use are beneficial to all of our training programs.

NATIONAL RED SETTER OPEN SHOOTING DOG CHAMPIONSHIP

Joe Edwards' Come Back Audie won rendered a stellar performance. He was released on course No. 2, heading up the little vine loop. Audie stopped to flush on a big covey in the far corner of the loop at 6, all in order. Audie backed his bracemate stylishly at 10 but no birds were flushed. At 19 Audie backed again, automatically, with supreme style, high and tight through flush and shot. Midway through the bull pasture at 54, Audie carded a stylish, mannerly find. His was a pleasing, consistent race with good range, ground speed, pattern and gait and finished the hour going away.

Zansett Simply Red, the runner-up, placed second in the Red Setter National Futurity last March. He won his first qualifying placement on these grounds, a third in the Open Derby, last fall. He was handled here by Sean Melvin. Red

was released into Climer's pasture in the final brace of the stake. From the start Red made forward sweeping moves. He scored a covey find on the hillside below the twin barns at 30, displaying high style. Red continued his forward, kind handling race for the hour.

THE RUNNING

Cedar Creek Gem (Liermann) and Kindle (B. Hidalgo) kicked off the trial at 8:00 a. m. Thursday, November 7. It was a sunny but chilly. Frost lay heavy on the grass. They were forward in pattern and handled kindly but no birds were located this hour.

Come Back Bee Gee (Edwards) was absent early and wasn't seen again until 20 when she was under a covey. Breakstone (Boser), working that edge, stopped to flush. Breakstone ran an attractive race for the better part of the hour but pointed no game.

Cedar Creek Talon (Liermann) scored a nice find on the clubhouse covey at 16, all in order. Near the pond beyond the clubhouse at 22 Talon carded his second find, again showing excellent style and manners. Talon's race was predominantly forward. Kylie's Rising Star (Beauchamp) was stronger on the ground than his bracemate and mostly forward; he pointed no game.

Firefly's Hot Tip (D. Hidalgo) and Redstone (Boser) were a handful. Redstone was picked up at 30 in Davis bottom. Tip ran over bird at 36

Celtic's Spectacular (Melvin) and Idaho Katie (D. Hidalgo) were off from little vine road before vacuum hollow. Katie pointed at end of island field but corrected on. "Andretti" ran a big forward race for the hour. She notched a find at 16 on top of horse killer hill. Katie, coming on the scene, backed mannerly. Following the find and before

her handler could collar her, Katie released herself and was up. Andretti pointed unproductively at 27.

No. 6: Jericho (Beauchamp) and Come Back Hightider (Edwards). Jericho flushed a covey at 11. Tider pointed a covey just prior to the blue house at 16, mannerly through flush and shot. He continued a forward pattern until 55 when he was under birds.

Come Back Strander (Edwards) and Touchstone (Boser) were loosed on another frosty morning. They had good ground speed and forward application. Point was called for Touchstone at 50 on apple tree hill, Strander backing, but no birds were produced.

Youtoo (Beauchamp) and Come Back Audie (Edwards) were off from little vine road. Audie's winning performance was described. Point was called for Youtoo just beyond the loop but it was a barren stand. At 19 Youtoo was pointing loftily again. He stood high and tight through flush and shot. Youtoo was absent by the twin barns and the tracking collar was needed.

Cedar Creek Skyliner (Liermann) with Zansett Simply Red (Melvin) were released into Climer's pasture. Red's runner-up performance was described. Skyliner was forward and attractive in application. He pointed near the back pond in the clubhouse loop. Unfortunately he moved while his handler was attempting the flush.

18 Irish Setters**

Winner—COME BACK AUDIE, 1581969, male, by Come Back Johnson—Come Back Diddle. Joe Edwards, owner and handler.
Runner-Up—ZANSETT SIMPLY RED, 1643777, male, by Kevin's Kosmo Kramer—Lucille O'Ryan, Stan Zdanczewicz, owner; Sean Melvin, handler.

RED SETTER OPEN DERBY

Although a relatively small stake, six entries, the quality of the winners was evident. This stake began after lunch on Friday. Named to first was Lumineer which pointed birds on the creek bank where he displayed high style and finished manners. Lumineer ran a forward race. Second was Brees. She was placed on the strength of her beautiful forward race. Placed this was Come Back Tracker, male owned and handled by Joe Edwards. This dog was rewarded for his fine quality ground race.

2d—BREES, 1647393, female, by Come Back Hightider—Come Back Finally. Roger W. Boser, owner and handler.
3d—COME BACK TRACKER, 1646582, male, by Come Back Hightider—Come Back Finally. Joe Edwards, owner and handler.

RED SETTER OPEN ALL-AGE

The Open All-Age attracted a field of nine dogs and began late Friday afternoon and concluded just before dark. We thank our judges, handlers and dog wagon crew for putting in a long day in order to keep the trial on schedule for a Sunday conclusion.

Touchstone turned in a powerful forward race. He shared a divided find with second place Audie in which both were asked to relocate. They did so in impressive fashion, each again ending up on point from different angles, totally independent of the other on one large covey. Touchstone's style and manners were impeccable. He also had an honor.

Come Back Audie was second with a strong forward race. His first stand was unproductive. His part in the divided find with Touchstone was an awesome example of a dog working game. Audie stood stylishly and mannerly for the covey rise. Breakstone was third on the merits of a nice forward race.

RED SETTER OPEN ALL-AGE — 9 Irish Setters

- 1st—TOUCHSTONE, 1605747, male, by Breakstone—Applebee. Roger W. Boser, owner and handler.
2d—COME BACK AUDIE, 1581969, male, by Come Back Johnson—Come Back Diddle. Joe Edwards, owner and handler.
3d—BREAKSTONE, 1582163, male, by Sharpton—Chantilly. Roger W. Boser, owner and handler.

RED SETTER OPEN PUPPY

Twelve puppies competed in this stake that ran on Saturday morning. It was the largest puppy stake in memory at a red setter trial and Judges Jeff Marshall and Gailen Cooper commented favorably on the overall quality. They placed them on their performances with an eye toward their future potential.

Come Back Bella, female owned and handled by Joe Edwards, displayed a steady forward race.

Firefly's Gemstone was second. This female is owned by Dennis and Bonnie Hidalgo of Brighton, Colo., and was

handled by Bonnie. She was stylish and forward on the ground but showed less maturity than the winner.

Conneaut Creek Tullamore Do placed third for owner Deb Fazenbaker and handler by Al Fazenbaker of Kingsville, Ohio. He ran a good forward pattern.

RED SETTER OPEN PUPPY — 12 Irish Setters

- 1st—COME BACK BELLA, unreg., female, by Come Back Superfire—Come Back Bee Gee. Joe Edwards, owner and handler.
2d—FIREFLY'S GEMSTONE, 1651257, female, by Flintstone—Firefly's Martina. Dennis & Bonnie Hidalgo, owners; Bonnie Hidalgo, handler.
3d—CONNEAUT CREEK TULLAMORE DO, 1651580, male, by Cedar Creek Skyliner—Cedar Creek Karma. Deb Fazenbaker, owner; Al Fazenbaker, handler.

RED SETTER SHOOTING DOG STAKE

This stake began late Saturday morning, immediately following the Puppy Stake. Judges were trial co-chairs Dennis and Bonnie Hidalgo. Jeff and Gailen were given time off for good behavior! Actually they were excused from judging this stake in order to eat lunch before the commencement of the Amateur Championship.

Al Fazenbaker took first with Flushing Whip Roger Ramjet which ran an easy handling forward race with one very nice find. Warjam Red Ranger was second for Don Beauchamp with a forward race and one stylish find. No one in Kansas is going to believe this but Don may have found his niche as a walking handler! Warjam's Red Ranger placed fourth in the 2013 National Red Setter Futurity last March.

Al Fazenbaker's female Her Ruby Red Slipper was third. She ran a big race with one good find and an unproductive.

NATIONAL RED SETTER AMATEUR SHOOTING DOG CHAMPIONSHIP

Twenty dogs were drawn, and 19 competed. Judges were Jeff Marshall and Gailen Cooper. This stake began on Saturday afternoon and concluded Sunday afternoon. Coveys and single birds were found.

Breakstone won this Amateur Championship brilliantly. Roger Boser's multi-titled dog has had a great year and is the only red setter with an invitation to the 2013 National Amateur Shooting Dog Invitational Championship. Appearing in the sixth brace of the stake, the third to run on Sunday morning, he was released just beyond the little vine loop. Breakstone scored a find at the end of the first field at 3. He notched a second find at 14 in sycamore bottom. He stood with high head and tail on both finds and displayed exceptional manners. Breakstone's race was picture perfect. He hunted forward at excellent range, showing intelligence and a responsive handle. Through the bull pasture he made some highly memorable moves. Breakstone's consistent hour race ended with him well forward in the clubhouse loop.

Touchstone garnered runner-up for his owner-handler Dr. Roger Boser. He appeared in the second brace, breaking forward and remained that way for the majority of the hour. He scored a nice find on planted birds just beyond apple tree hill at 19. He pointed again at 22 but this work proved unsuccessful. Touchstone had a handsome, flawless find on a covey at 34. His pattern, range, gait and

style were pleasing to watch.

THE RUNNING

Firefly's Hot Tip (D. Hidalgo) and Kylie's Rising Star (Beauchamp) started this stake on Saturday afternoon. Tip showed nicely forward from the break-away to the creek and was found ahead on point at 14. Only feathers were located. Both dogs were forward into Davis but went left on the first line. Star was returned midway through Davis. Tippy regained the front at its end. Both dogs were absent again in the island field and handlers pulled the plug at 48.

Touchstone's performance was covered earlier. Cedar Creek Gem (Liermann) was forward in application with a responsive handle. She backed stylishly at 19 but went with the flush.

No. 3: Youtoo (Beauchamp) and Cedar Creek Talon (Liermann). Youtoo pointed at 8 near the blue house. Talon came into the area and pointed independently. No birds were produced for either dog. Point was called for Youtoo in the bull pasture. Talon came up beside him, failing to back. No birds were produced and both dogs were up.

Come Back Patches (Edwards) and Rendition (Boser) were away on a frosty Sunday morning. Rendition pointed feathers at 10, Patch backing. Just into Davis bottom, Rendition scored a nice find while Patch was forward. Moments later Patch scored a mannerly find on the right. Rendition carded a second find at 32 on the cross row in Davis. Patch connected with another good find at 34. They were mainly forward in application although Patch suffered an absence on apple tree hill near the end of the hour.

Come Back Bee Gee (Edwards) pointed birds at 19 in little vine loop,

showing fine style; she moved during the flush. About that time Kindle (B. Hidalgo) came out of the trees, ran over a single and failed to stop.

Come Back Audie (Edwards) and Breakstone (Boser) were turned loose just beyond the little vine loop. Breakstone's effort was described earlier. Audie came upon his bracemate on point at 3. He failed to back until he got too close and was ordered up.

Come Back Strander (Edwards) and Jericho (Beauchamp) started from the clubhouse gate. They made the clubhouse loop in forward moves. Into horse corral valley at 18, Strander pointed stylishly on the woodline. The liberated bird wouldn't flush, prompting several

relocations; eventually Strander did the job himself. Jericho ran a nice forward race but had no game contact.

Zansett Simply Red (Melvin) and Cedar Creek Skyliner (Liermann) ran on course No.1 after lunch. Red pointed the feather pile at 15. Skyliner pointed staunchly at 21 but a relocation was necessary. He re-established point but released himself during the flushing attempt. Red pointed near vacuum hollow; again no bird was produced and the brace was over.

Celtic's Spectacular (Melvin) and Redstone (Boser) were loosed in the island field. These two had their running shoes on and were seldom seen. Their handlers opted to pick up at 23.

Come Back Hightider (Edwards) was drawn with Warjam's Red Ranger (Beauchamp) but Red was scratched. Hightider turned loose heading up the hill in the little vine loop. He made some attractive moves through this area but unfortunately ran over a covey feeding in the open at 14.

With this event concluded we look forward to the spring NRSFTC Championship trial which includes the Red Setterour National Futurity. That event will be run near Petersburg, Ill., on the Jim Edgar Panther Creek grounds in March, 2014. Check out www.nrsftc.com for more details. We'd love to see you there.

SOME RED SETTER SIDELIGHTS AND HIGHLIGHTS

DENNIS AND BONNIE HIDALGO again served as co-chairs. Bonnie arranged for judges and handled secretarial and organizational duties. Once again the trial co-chairs were Dennis and Bonnie. Dennis conducted the drawing, marshalled, planted birds for the Amateur Championship, announced the braces and the respective winners.

Linda Beauchamp, NRSFTC treasurer, collected the entry fees and paid all the bills. Bonnie and Dennis baked the cookies for the coffee breaks. Linda Beauchamp's cinnamon rolls were also a big hit on the dog wagon. The afternoon gallery was interested in the candy bars and cool beverages provided.

Don Beauchamp assisted in the presentation of awards. All in all, a very smooth running trial.

Once again our faithful dog wagon driver was John Evans; he was assisted by his wife of 65 years, Betty. They were always where we needed them and they set out the cookies and the coffee for each of the refreshment breaks between the braces. The entire red setter group, and I in particular, greatly appreciate the job John (Dad) and Betty (Mom) do for us. It allows all of us to be able to run our dogs and watch the competition knowing that one of the trial's most important duties is in good hands.

National Red Setter Club members enjoy each other's company and every

evening is an occasion to socialize. The group ate dinner at the grounds each night. As mentioned, Wednesday night's meal was served during the drawing. Thursday evening, during a Board of Directors meeting, the group took a break for pizza delivered to the clubhouse by Mary Boser and Linda Beauchamp. Friday night was the annual banquet, a delicious pork and chicken dinner served by Michelle Weaver.

A brief awards ceremony followed with some year-end awards presented for the trial season that ended on June 30, 2013. Club President Don Beauchamp and Awards Chairperson Bonnie Hidalgo presented the various awards. The winner of the Duke Award for high point red setter in all breed competition was Breakstone, owned by Roger Boser. Redstone was the Duke Award runner-up; she is also owned by Roger Boser. The Derby of the Year went to Nantucket, owned by Roger Boser. Puppy of the Year went to Freckled Face Fred, owned by junior handler Hannah Truman.

Saturday evening a cocktail hour was hosted by Joe and Brenda Edwards in honor of Come Back Audie's winning the Open Shooting Dog Championship on Friday. Dinner followed with Clifford Weaver's outstanding fried catfish and hushpuppies along with sides and desserts that were prepared and served by his wife

Michelle. After dinner various items donated to the club were silently auctioned off and brought in a considerable amount to offset some of the trial expenses. The evening ended with a little music and some impressive dancing by Joe and Brenda Edwards, then Deb and Al Fazenbaker, followed by a Texas Two Step lesson for Linda Beauchamp with Dennis Hidalgo. And a good time was had by all.

Stan Zdanczewicz was accompanied from Wisconsin by Sue Chirigotis with their entry for the Championships and a Derby dog. Bruce Ludwig, his daughter Jessie and her husband Seth came from Hatton, Mo., to visit us for a day of riding. Al and Deb Fazenbaker drove from Ohio with entries and to attend the board meeting. They introduced us all to their Ohio friends, Ron and Karen Cassidy who had an entry in the Puppy Stake that was handled by Al. The Cassidys were a fun addition to the group and we hope to see more of them.

Tom and Sue Norton are stalwart supporters of this club and their presence made the trial even more enjoyable. Tom competed in the Walking Stake and the Puppy.

Ed Liermann was in attendance but we all missed his friend Barb Zemles. We missed Jim Baker but appreciate the donation he sent to help support the event.

Sandlapper Trials

By BILL BRITT

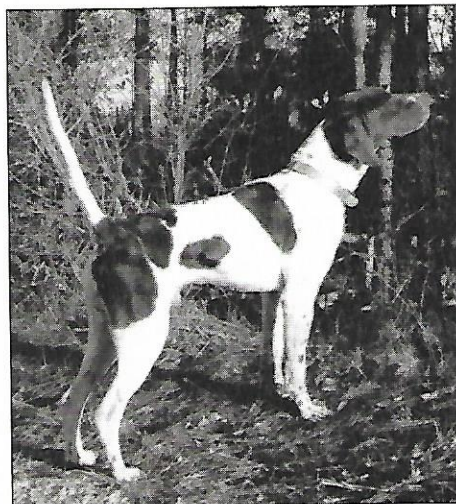

THE Sandlapper Field Trial Club ran its fall trial November 8-10. We had not run an open stake in several years and were concerned that we might not draw many dogs. We should not have been concerned; we had a very good entry in both number and quality. The competition was keen in all stakes. Everyone seemed to have a good time.

I would like to thank Mid-Carolina Club for the use of their grounds along with the judges and Gary Dowdy who spotted birds. We had a great weekend with good grounds, good food and good dog work.
